

Findlay area RESTAURANT WEEK is back! February 21-27, 2022

Visit Findlay is excited that Restaurant Week is back again in 2022! This year we are returning to in-house dining Restaurant Week only. This is your chance to wow new customers or reward your existing customers by offering a three course dinner on a prix fixe menu.

The idea is to entice customers at a slightly discounted rate at a typically slower time of year. You choose the price range that fits your restaurant and dishes you are serving to fit within, then customize a menu of some of your favorites or try something completely new.

You might also choose to have a specialty drink or special drink pricing during this time. It is FREE to participate as a Restaurant Week restaurant! You would still offer your normal dinner menu during these times as well. If you wish to only offer select items for takeout please indicate so. Tax, gratuity and beverages not included in the prix fixe cost. Menus offered during dinner time only – approximately 4 p.m. - close (hours may vary by location.)

What you get

- Printed menus with your restaurant week menu
- You will also be provided an electronic version so you can share through your own social media outlets.
- Advertising & Promotion
- Print ads, radio and plenty of social media mentions

What we need from you
